

Application for Uninsured Vaccine Administration Reimbursement

Purpose:

Prior to April 5, 2022, Health Resources & Services Administration (“HRSA”) accepted claims via its program (“HRSA Program”) for vaccine administration reimbursement to vaccine providers (“Vaccine Provider” or “Applicant”) who had been providing COVID-19 vaccines to individuals who are uninsured. The HRSA Program stopped accepting claims at 11:59 p.m. on April 5, 2022 due to a lack of sufficient funds.

With the recent changes, there is a concern that Vaccine Providers will be negatively impacted and unable to continue providing vaccines to those who are uninsured at no cost.

By issuing this notice of opportunity for reimbursement and application (“Application”) the Ohio Department of Health (“ODH”) is responding to the need to continue vaccine administration for those who are uninsured at no cost by reimbursing Vaccine Providers who continue to administer COVID-19 vaccines to uninsured individuals.

Application Requirements:

1. Vaccine Provider must be an active COVID-19 vaccine provider located in Ohio.
2. Vaccine Provider must have previously received reimbursement for vaccine administration through the HRSA Program. As part of this Application, Vaccine Provider must submit evidence, with Protected Health Information and Personal Identifiable Information redacted, of its prior reimbursement from the HRSA Program.
3. Vaccine Provider shall not seek or be reimbursed for vaccine administration to the uninsured individuals through any other source.
4. Prior to administering any vaccine, Vaccine Provider must make reasonable efforts to ensure that individuals are uninsured. Vaccines administered to insured individuals will not be eligible for compensation under this award.
5. If awarded, the Vaccine Provider must continue to administer COVID-19 vaccinations to uninsured individuals at no cost until the award is exhausted, or otherwise terminated.
6. Proof of vaccine administration to the uninsured individuals must be submitted in a quarterly report to ODH at Procurement@odh.ohio.gov. The quarterly report must include the following information: **Vaccine Provider’s ImpactSIS ID, Vaccine Provider’s State of Ohio Account ID (OAKS ID), if applicable, Service Date**. Upon full execution of this Application, ODH shall provide a template quarterly report form which shall be used by Vaccine Provider.
7. Only vaccines administered on or after the date of the award will be considered.
8. Fully executed Applications shall serve as funding agreements between the parties - ODH and the COVID-19 Vaccine Provider. Upon execution, Vaccine Providers will be awarded a lump sum based on the range of COVID-19 vaccines expected to be administered to uninsured

individuals by June 30, 2023 (see table below). If Vaccine Provider fails to administer the minimum vaccines expected prior to the termination of this award, funds will be prorated based on actual vaccines administered. To account for the funds received in excess of the actual vaccines administered, the Vaccine Provider will receive an invoice for the balance of the unused funds. The invoice shall be paid to ODH within 30 days of receipt.

Additional Information

1. The maximum funding ODH can award, in its sole discretion, under this notice of opportunity is \$1,720,625.00. Proper Applications will be reviewed on a first come, first served basis. Once the full amount of this notice of opportunity has been awarded, the application period will be considered terminated.
2. If funding becomes available again through the HRSA Uninsured Program, this award shall terminate, and the funds will be prorated based on actual vaccines administered and returned as explained above.
3. Applications shall be signed and emailed to Procurement@odh.ohio.gov
4. Questions regarding this funding opportunity shall be forwarded to Procurement@odh.ohio.gov. If the Applicant has done or is doing business with the State of Ohio, please add the OAKS supplier identification number on the Application form.
