What is Student Pharmacist Legislative Day?

Student Pharmacist Legislative Day is an advocacy event that allows student pharmacists to meet with legislators to educate them about the value of pharmacists on the health care team. You will learn about the latest legislative issues at the Ohio Statehouse, learn how to effectively communicate those issues, hear from the legislators themselves, and have a chance to individually visit their offices. This program will allow you to become involved in the issues impacting your future pharmacy practice in Ohio.

Student pharmacist advocates meet with Ohio State Senator Catherine Ingram during the 2023 Student Pharmacist Legislative Day.

The Ohio Pharmacists Association and the Ohio Colleges of Pharmacy have joined together for this special advocacy day to inform you of crucial legislation impacting pharmacy practice. Student Pharmacist Legislative Day is designed to develop open dialogue between student pharmacists and lawmakers. Be a part of the process that will shape your profession.

“ If you’re not at the table, you’re on the menu. ”
