

Partnership for Ongoing Developmental Educational and Medical Outreach Solutions

# PODEMOS

Medical Students Helping Honduras OSU

*PODEMOS is an interdisciplinary organization comprised of health professionals and students at Ohio State and throughout the Columbus community. Together, we provide both acute and chronic care services for over 900 low-income residents of rural villages outside of El Progreso, Honduras through biannual medical brigades.*

## PODEMOS

- Founded in 2008 by OSUCOM students
- A student-run 501(c)(3) non-profit organization focused on providing sustainable healthcare in the communities of Honduras
- We include medical, nursing, pharmacy, dental and law students, as well as practicing medical, pharmacy, and dental health professionals
- We strive to:
  - Provide essential primary care services to marginalized communities in Honduras
  - Provide a valuable medical educational experience to health professional students at The Ohio State University
  - Implement evidence-based practices to improve patient care
  - Ensure consistent short-term interventions to provide important long-term value
  - Build sustainable and reliable relationships with our patients and their communities

**Who:** We are looking for physicians, certified nurse practitioners, and pharmacists to serve as providers for our Winter 2017 brigade

**Where:** Ebenezer, Siete de Abril, Brisas del Norte, and Brisas de la Libertad – communities surrounding El Progreso, Honduras

**When:** December 26, 2017 – January 2, 2018

**Cost:** Plane ticket (\$700-\$900) + trip fee (\$500) which covers all transportation, lodging, and most meals

### Responsibilities:

- Participate in pre-trip planning via meetings or teleconference
- Serve as a provider for 5 days of our traveling clinic
- Serve as a preceptor to students
