

Spring 2020

Pharmacy Technician Education

Sunday • March 1, 2020

Makoy Center • 5462 N. Center Street • Hilliard, Ohio 43026

The Spring 2020 *Pharmacy Technician Education* program includes one (1) hour of **pharmacy law**, one (1) hour of **patient safety**, plus five (5) hours of various topics selected to meet specific needs of pharmacy technicians. A total of seven (7) contact hours of ACPE-accredited continuing education for pharmacy technicians can be earned.

Program Schedule

- 8:00 a.m. Registration & Breakfast
- 8:30 a.m. *Pancreatic Cancer*
- 9:30 a.m. *Expanding Technician Role*
- 10:30 a.m. Break
- 10:40 a.m. *Antibiotic Resistance*
- 11:40 a.m. *Pharmacy Law Update*
- 12:40 p.m. Lunch
- 1:25 p.m. *Compounding 101*
- 2:25 p.m. *Med Rec/Patient Safety*
- 3:25 p.m. Break
- 3:35 p.m. *Opioid Use Disorder*
- 4:45 p.m. Adjournment

To receive continuing education credit, you must attend the entire session, actively participate, complete the CPE form indicating sessions attended, and provide your NABP e-Profile ID number and birthdate on the form. Sign, date, and return the form to the OPF staff, or to the OPF office **within 30 days of the program**. Your CPE credit will be uploaded to the CPE Monitor where CPE statements of credit can be printed. Learning objectives for the continuing pharmacy education programs can be found on the OPA website at www.ohiopharmacists.org. Disclosure of faculty and commercial support relationships will be made known at the activity.

This program is intended for pharmacy technicians in all practice settings. *Disclosure:* The OPF trustees and other individuals responsible for planning OPF continuing pharmacy education activities have no relevant financial relationships to disclose.

The Ohio Pharmacists Foundation Inc. is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Program Descriptions

Each session provides 0.1 CEU of credit for pharmacy technicians.

Overview of Pancreatic Cancer: Clinical Pearls for Pharmacy Technicians

Danielle Murphy, PharmD, PGY2 Hematology & Oncology Pharmacy Resident, Ohio State University James Cancer Center, Columbus

Oncology treatment therapies and devices are ever-changing. It is important for pharmacy technicians to have a basic understanding of current medications and side effects to identify when pharmacist intervention is necessary. This presentation will review available National Comprehensive Cancer Network recommended therapies for pancreatic cancer, providing pharmacy technicians with practice information on the chemotherapy agents utilized in this disease state.

ACPE #0129-0000-20-019-L01-T Knowledge-based activity

Pharmacy Technician Advancement: Career Opportunities Beyond Traditional Dispensing

Jessica Fischer, PharmD, MS, Director of Ambulatory Pharmacy Services, Nationwide Children's Hospital, Columbus

Pharmacy practice continues to become more complex and evolve beyond traditional dispensing. Pharmacy technician roles are shifting into more specialized areas that require additional skills and knowledge. This presentation will highlight some of the various opportunities that technicians have to advance their skill set and play a larger role in supporting pharmacy practice and patient care.

ACPE #0129-0000-20-020-Lo4-T Knowledge-based activity

What You Need to Know about Antibiotic Resistance

Awura Ama Oduro, PharmD, PGY1/MS Community-based Pharmacy Administration Resident The Kroger Co., Columbus Division

Have you ever wondered why antibiotics are sometimes effective, and other times not very effective? Antibiotic resistance occurs when bacteria change in response to repeated use of these medicines. Bacteria, not humans or animals, become antibiotic-resistant. Join us for a discussion on antibiotic resistance and the technician's role in the appropriate use of antibiotics.

ACPE #0129-0000-20-021-L01-T Knowledge-based activity

Pharmacy Technician State Board Spring Update

Ryan Bolus, R.Ph., Compliance Specialist, State of Ohio Board of Pharmacy

Recent law and rules changes and implementation affecting pharmacy technicians practice will be reviewed by our knowledgeable speaker from the State of Ohio Board of Pharmacy. He will focus on the many new rule changes and be available to answer your questions.

ACPE #0129-0000-20-022-L03-T Knowledge-based activity

Compounding 101 and the Role of Technicians

Matthew J. Buderer, R.Ph., FIACP, Vice President, Director of Research and Development; and Dannielle Dombrowski, CPhT, Director of Quality Assurance/Quality Control and Regulatory Affairs Buderer Drug Company, Inc.

This program will include a brief overview of the set-up and operation of a community-based compounding pharmacy and the role of the pharmacy technician. From a compounding pharmacist and technician, you will learn about USP <797>, USP <795>, Standard Operating Procedure, and beyond-use-date requirements; how products are tested; how employees are evaluated for competency; and how to determine when a compounded prescription should be referred to a compounding pharmacy.

ACPE #0129-0000-20-023-L07-T Knowledge-based activity

One Source of Truth: Improving Patient Safety through Medication Reconciliation

Ashlee R. Ferren, CPhT, Emergency Department Medication Reconciliation Technician, Aultman Hospital, Canton

A clear, consistent, and current documentation of all patient medications is an essential part of quality patient care. Our technician speaker will share how accurate and complete medication reconciliation can prevent numerous prescribing and administration errors. She will also relate her experiences in advocating for patient safety in her emergency department practice.

ACPE #0129-0000-20-024-L05-T Knowledge-based activity

March MAT-ness: Key Players in Opioid Use Disorder

Jessica Hirsch, PharmD, PGY2 Pain Management and Palliative Care Pharmacy Resident, OSU Wexner Medical Center

This session will describe substance use disorder with a special focus on opioid abuse. Pharmacy technicians will have an understanding of the opioid crisis in Ohio, be able to recognize medications used to treat opioid use disorder, and understand opioid stewardship and abuse prevention techniques currently used in practice.
