

## 2020 Fall Pharmacy Technician Education Learning Objectives

### **ACPE #0129-0000-20-067-H01-T**

#### **A Breathtaking Experience: A Technician's Guide to Asthma Management**

*Ariel C. McDuffie, PharmD, PGY2 Ambulatory Care Resident, The Ohio State University College of Pharmacy/PrimaryOne Health*

At the completion of this activity, the participant will be able to:

1. recognize asthma prevalence and risk factors;
2. identify triggers and conditions that can worsen asthma;
3. review general treatment considerations for asthma; and
4. summarize key points that patients with asthma should be aware of.

### **ACPE #0129-0000-20-068-H01-T**

#### **COVID-19 Pandemic: Overview and Update**

*Libby Stabler, PharmD, PGY1 Pharmacy Resident, Mercy Health St. Rita's Medical Center*

At the completion of this activity, the participant will be able to:

1. demonstrate an understanding of the coronavirus in causing the current pandemic;
2. describe treatment and vaccine efforts with COVID-19 to-date; and
3. recognize the impact of COVID-19 on the upcoming influenza season.

### **ACPE #0129-0000-20-069-H03-T**

#### **Pharmacy Technician State Board Update—Fall 2020**

*Jenni Wai, R.Ph., MBA, Chief Pharmacist, Compliance and Enforcement, State of Ohio Board of Pharmacy*

At the completion of this activity, the participant will be able to:

1. identify recent changes in state laws and regulations which impact pharmacy practice;
2. describe rule changes resulting from the COVID-19 pandemic impacting pharmacy practice for technicians and pharmacists; and
3. discuss the effect of the most important changes in laws and regulations on his/her specific practice setting.

### **ACPE #0129-0000-20-070-H05-T**

#### **Strategies to Reduce Medication Errors**

*Janessa Cohrs, PharmD and Ashley Erdmann, PharmD, PGY1 Community Pharmacy Residents, Charitable Pharmacy of Central Ohio*

At the completion of this activity, the participant will be able to:

1. identify the scope of medication errors in the healthcare system;
2. describe the role pharmacists and technicians can play in preventing or catching errors that occur during any stage of the drug-use process; and
3. list strategies that can help prevent or minimize medication errors.

### **ACPE #0129-0000-20-071-H01-T**

#### **New Drug Update 2020**

*Sam Miller, PharmD, PGY1 Community Pharmacy Resident, Equitas Health*

At the completion of this activity, the participant will be able to:

1. identify new drugs approved by FDA in the past year;
2. recognize indications, mechanisms of action, adverse reactions and toxicities, warnings/contraindications, drug-food interactions, and availability of these new drugs; and
3. list new indications of drugs that are already on the market.

**ACPE #0129-0000-20-072-H01-T**

**Clear the Air of e-Cigarettes: The Evolution and Impact of Electronic Nicotine Delivery Systems**

*Megan Stephan, PharmD, PGY1 Pharmacy Practice Resident, ONU Healthwise, Ohio Northern University*

At the completion of this activity, the participant will be able to:

1. discuss the evolution of electronic nicotine delivery systems (ENDS);
2. recognize its impact on adolescents and adults;
3. identify smoking cessation tools and treatment options for those who use electronic cigarettes; and
4. summarize communication techniques to identify patients who should be referred to a pharmacist for smoking cessation counseling.
