

THE POWER **R_x** OF YOU

Midyear Meeting

Sunday, November 3, 2024

Makoy Center, 5462 Center Street, Hilliard, Ohio 43026

Get started on earning your continuing pharmacy education (CPE) credit for the 2025 pharmacist licensure renewal cycle by attending the in-person OPA Midyear Meeting, Sunday, November 3, 2024, at The Makoy Center in Hilliard, Ohio. You will have the opportunity to network with your peers while learning the latest cutting-edge information for the practice of pharmacy in Ohio. OPA's 2024 Midyear Meeting offers six hours of CPE credit, including one hour of jurisprudence credit presented by staff of the State of Ohio Board of Pharmacy as well as time to learn about vendor products and services during the Trade Show. Check out the programming below and register as soon as possible for the best registration rates.

2024 MIDYEAR CPE ACTIVITIES

THE POWER OF YOU SCHEDULE

8:30 am	Asthma Medication Access Barriers
9:30 am	Simulation Safety
10:30 am	Break
10:45 am	Fall Law Review 2024
11:45 am	Lunch & Trade Show
1:00 pm	Immunization Update Fall 2024
2:00 pm	Social Determinants of Health on Patients With Diabetes
3:00 pm	Break
3:15 pm	Remote Monitoring to Support Clinical Services
4:15 pm	Adjournment

Resolving Asthma Medication Access Barriers

Kelin Wheaton, PharmD, PhD

Clinical Pharmacist, Population Health at Partners For Kids

The 2020 focused NHLBI asthma guideline updates recommend treatment approaches that deviated significantly from traditional step-therapy pathways. This session will review updated asthma guidelines and practical approaches for pharmacists to resolve common barriers to implementation. At the end of the presentation pharmacists will have a deeper understanding of updated approaches to asthma treatment and will be equipped with resources to support provider and patient access to evidence-based asthma therapies.

At the completion of this activity, the participant will be able to:

1. describe barriers to asthma medication access;
2. apply clinical and coverage resources to identify guideline-recommended medications and avoid insurance barriers;

3. discuss prior authorization barriers associated with single maintenance and reliever therapy (SMART); and
 4. describe best practices for improving asthma medication ratio (AMR).

Simulation Safety: The Risk is Real

Mara Weber, PharmD, BSRT

Medication Safety Pharmacist at OhioHealth Doctors Hospital
Simulation situations are a foundation for learning, but the expanding use presents medication safety risks. Various types of medications are used in the scenarios such as, expired, demonstration or empty vials/boxes. These medications have gotten into circulation nationwide and are used on patients with negative results. How do we prevent these events and have an active voice in simulation practices?

At the completion of this activity, the participant will be able to:

1. describe various simulation scenarios along with their risks; and
2. develop mitigation strategies to address concern.

ACPE #0129-0000-24-072-L05-P/T 0.1 CEU Application-based activity

Fall Law Review 2024

Sheri Zapadka R.Ph., PharmD

Compliance Specialist of Northwest, State of Ohio Board of Pharmacy

This session will include a review of pending and recent changes to Ohio Board of Pharmacy Laws and Rules. The session will discuss what types of pharmacy practices are affected by the rule changes and include a discussion of implementation strategies to achieve compliance.

At the completion of this activity, the participant will be able to:

1. identify recent changes in state and federal laws and rules which impact pharmacy practice in Ohio;
2. describe the effect of recent law and rule changes on the practice of pharmacy;
3. discuss implementation strategies for law and rule compliance; and
4. review relevant board notices and publications.

ACPE #0129-0000-24-077-L03-P/T 0.1 CEU Knowledge-based activity

Immunization Update Fall 2024

Olivia Kinney, PharmD, MS
Clinical Program Development Manager, Kroger Health

This session will review the latest information from the October 2024 ACIP meeting. If you are an immunizing pharmacist, technician, or a student pharmacist looking for information on newly licensed and emerging vaccine technologies, this session is for you.

At the completion of this activity, the participant will be able to:

1. discuss the latest changes in vaccine guidance for flu, COVID-19, pneumonia, and other vaccines; and
2. assess implications of changes to vaccine guidance for pharmacy teams.

ACPE #0129-0000-24-074-L06-P/T 0.1 CEU Application-based activity

Beyond Blood Sugar: Impact of the Social Determinants of Health on Patients with Diabetes

Nira Kadakia, PharmD, BCACP
Assistant Professor of Teaching in Pharmacy Practice, University of Findlay College of Pharmacy and per diem Clinical Pharmacist, Mercy Health St. Charles Hospital

Almost 12 percent of the U.S. population is living with diabetes. While there is a genetic component to the condition, nonmedical factors, called the social determinants of health (SDOH), also impact patients' disease progression, management, and outcomes. In this session, participants will consider how factors like socioeconomic status, education, and healthcare access can influence patients living with diabetes. An interactive patient case will be woven throughout the presentation to illustrate the impact of SDOH on diabetes outcomes. Participants will be armed with practical tools and knowledge they can apply to different situations to mitigate SDOH concerns and improve patient outcomes.

At the completion of this activity, the participant will be able to:

1. describe social determinants and how they affect diabetes prevalence, management, and outcomes; and
2. apply different strategies to address SDOH concerns and improve outcomes for a patient with diabetes.

ACPE #0129-0000-24-073-L01-P/T 0.1 CEU Application-based activity

Registration and attendance at, or participation in, OPA meetings and other activities constitute an agreement by the registrant to OPA's use and distribution (both now and in the future) of the registrant or attendee's image in photographs, videotapes, and electronic reproduction of such events and activities.

Connected Care: Pharmacist Utilization of Remote Monitoring to Support Clinical Services

Jen Sabatino, PharmD, BCACP
Clinical Pharmacist – Ambulatory Care, OSU General Internal Medicine Clinics & Assistant Professor – Practice, OSU Department of Internal Medicine

Encompassing remote physiologic monitoring (RPM) and remote therapeutic monitoring (RTM), remote monitoring is a growing area of focus in healthcare with increasing interest from patients, healthcare providers, and health systems; expanding coverage by payers; and improved access to compatible devices and service providers. This model of care allows pharmacists to leverage technology to improve patient care, promote efficiency, and receive reimbursement for disease state management services provided. This session will include a description of a successful remote physiologic monitoring service paired with a pharmacist collaborative practice agreement for hypertension management through two phases of implementation in a network of primary care clinics.

At the completion of this activity, the participant will be able to:

1. identify the differences between remote physiologic monitoring and remote therapeutic monitoring services; and
2. discuss the principles of billing for remote physiologic monitoring services.

ACPE #0129-0000-24-076-L04-P 0.1 CEU Knowledge-based activity

CONTINUING PHARMACY EDUCATION CREDIT

This meeting is targeted to all pharmacists and pharmacy technicians. The continuing pharmacy education (CPE) for this program is coordinated by the Ohio Pharmacists Foundation (OPF). Pharmacists can earn up to 6 hours (0.6 CEUs) of live CPE credit at this Meeting. To receive CPE credit for the live Meeting, pharmacists and pharmacy technicians must attend the entire session, actively participate, and submit the credit(s) in OPA's LecturePanda platform indicating sessions attended within 60 days of the Meeting. CPE Statements of Credit can be printed from the CPE Monitor. Access LecturePanda in your email inbox. On the day of the event, LecturePanda will resend the Midyear confirmation email to your inbox with a link for access. In LecturePanda, the attendee will have access to complete the following:

1. claim credit(s) under the Credits Tab,
2. speaker evaluation for each session and one-time meeting evaluation under the Evaluations tab, and
3. submit credit(s) under the Complete tab by **January 1, 2025**

Once all of your quizzes and speaker evaluations have been completed, the *Submit Credits* button on the Evaluations page will turn green. Click on the *Submit Credits* button to allow LecturePanda to upload your CPE credits to the CPE Monitor. After the credits have been submitted, you will receive a message of completion. Learning objectives for the CPE programs can be found on the OPA website (https://ohio-pharmacists.org/aws/OPA/pt/sp/home_page). Contact OPF at 614.389.3236 for questions regarding CPE.

The Ohio Pharmacists Foundation, Inc. is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Disclosure of faculty and commercial support relationships will be made known at the activity. Individuals responsible for planning OPF continuing pharmacy education activities have no relevant financial relationships with ineligible companies to disclose.
