## Who We Are & History

### WELCOME - A MESSAGE FROM THE PRESIDENT AND CEO

Thank you for considering Pharmacists Mutual as your insurance provider. There are many companies to choose from when purchasing insurance and we realize this can be a difficult choice. It is our mission to help our members attain peace of mind through specialized insurance products, risk management solutions, and superior personal service. While other companies exclude coverage to offer you a rock bottom price, we provide you with broad coverage to alleviate possible financial burdens down the road.

**EDWARD J. YORTY**  
FCAS, FSA, MAAA, M.S.FIN  
PRESIDENT & CHIEF EXECUTIVE OFFICER

### WHO WE ARE

Pharmacists Mutual is a nationally recognized leader providing insurance and risk management solutions within the healthcare industry. Pharmacists Mutual operates in all 50 states, the District of Columbia, and Puerto Rico. Financially secure, Pharmacists Mutual is an A.M. Best "A" Excellent\* rated property and casualty insurance provider. We take pride in being your single source for insurance protection. Our broad portfolio of products and services provides for our members' professional, personal, and business insurance needs.

### HISTORY

It all began back in 1898 when a young Al Falkenhainer traveled west to Titonka, Iowa, to open the town's first business – a drug store. Sadly, four years later, a fire destroyed all of his hard work. Frustrated with loss settlement practices, Falkenhainer set out to build a better insurance company, turning what appeared to be a bleak end into a thriving and prosperous insurance company, Druggists Mutual Insurance.

As a member and officer of the Iowa Pharmacists Association, young Falkenhainer believed that when pharmacists worked together for the good of their profession, anything was possible. With this belief, he set out to provide prompt and fair claims service to members of the pharmacy profession. But beyond this, he wanted to establish a company that could respond to the needs of the industry.

In 1992, Druggists Mutual Insurance was renamed Pharmacists Mutual Insurance Company. For more than a century, the company has remained driven by his original vision and continues to offer the same personalized and dedicated service to its members. Pharmacists Mutual supports the insurance industry by working hand-in-hand with a broad range of health professionals.

## RISK MANAGEMENT R&D

### BROADENING THE SCOPE AND CHANGING THE PERSPECTIVE

There are ever-changing and emerging threats in the pharmacy profession that require new and innovative approaches to managing the risk. At Pharmacists Mutual, our culture is to continually seek knowledge about how losses occur and to improve our ability to help members deal with threats.

Pharmacists Mutual is well known for our Professional Liability Claims Study and Pharmacy Crime Report. Our Professional Liability Claims Study incorporates data from over 10,000 claims, and our Pharmacy Crime Report encompasses five years of cumulative data. This landmark research provides us with a unique understanding of how claims happen and the best way to control them.

Recognized as experts in our field, we share our insight with the industry and with our members through Risk Management Alerts via email and social media platforms, presentations and webinars to associations, buying groups and pharmacy schools, RM Intel white papers, and solutions designed to respond to your specific concerns.

## Risk Management Center

With over a century of experience in insuring pharmacy professionals, we have learned a lot about the risks you face and what it takes to keep losses under control. We understand the importance of managing risk and the benefits of keeping exposures in check. With this in mind we have developed a Risk Management Center to better serve our members.

The Pharmacists Mutual Risk Management Center is a single source platform providing members with tools and resources needed to proactively manage risk exposures and to develop programs that reduce claims and their associated costs. When you enroll in the Risk Management Center you will be able to benefit from the following resources:

- **Risk Management Resource Library** provides resources developed based on industry best practices, including Pharmacists Mutual exclusive content.
- **Online Training Library** has video, PowerPoint, and other materials for training your staff. Through the proprietary software, you can assign materials directly to employees via email, or download for presentation to groups. Most materials are provided in both English and Spanish.
- **Human Resources Database** is a handy online resource with information members need to manage employees and their benefits. The application includes both Federal and State specific sample policies, procedures, and summaries of requirements.
- **Job Descriptions** are important when filling open positions and in helping understand physical requirements of the job. The software includes templates for building and storing descriptions you develop.
- **Audit Tools and Resources** include templates which allow you to create audit forms helping you systematically review safety and regulatory compliance.
- **Claim Tracking and Reporting** software allows you to record claim information to prepare for reporting and for compiling OSHA 300 reports (where required).
- **Insurance Certificate Management** software provides an efficient tool for building and tracking Certificates of Insurance.
- **Ask the Expert** for technical assistance on risk management issues 24 hours a day, and someone will respond to you within one business day.

# VISTA

Protect Your Tomorrow

Pharmacists Mutual Insurance Company is pleased to offer our Business Package policy, known as VISTA. We continue to enhance policy coverages for our members. Under the VISTA policy, you will have access to exceptional commercial liability, professional liability, commercial property, coverage enhancements, and a variety of other coverages you have grown to expect. With the VISTA policy, we aim to tailor coverage to each of your unique needs.

- **Commercial Liability**
  - Cyber Liability
  - Sexual Misconduct or Physical Abuse Coverage
  - Employment Practices Liability
- **Pharmacy Professional Liability**
- **Commercial Property Coverage Enhancements**

As a business owner, you face potential liability claims and lawsuits alleging you, your employee, or product caused injury to someone or their property. Commercial Liability coverage is the first line of defense against the most common liability claims, including incidents that occur on your premises. Our VISTA policy allows you to combine commercial liability and property coverage to deliver a broad business insurance policy.

### CYBER LIABILITY

Whether through criminal activity of others, unintentional improper records disposal, or accidental exposure, data breach incidents are increasing in number and severity. Pharmacists Mutual offers valuable cyber liability insurance for your business. Our coverage can help protect your business in the event of an accidental breach or criminal cyber-attack.

#### Cyber liability protection includes:

- Costs to recover and restore computer data that is lost or damaged
- Lost income due to interruption or failure of your computer systems
- Security response services including legal, public relations, and customer notification expenses
- Regulatory fines and penalties for violations of privacy regulations such as HIPAA (Health Insurance Portability and Accountability Act)
- Lost income and expenses from a cyber extortion threat or act of cyber terrorism
- Payment Card Industry (PCI) Data Security Standard assessment and defense costs due to a security breach

#### COMMERCIAL LIABILITY PROTECTION INCLUDES:

- Bodily Injury
- Damage to Property of Others
- Personal and Advertising Injury
- Fire Legal Liability
- Water Legal Liability
- Medical Payments
- Punitive and Exemplary Damages (where permitted by law)
- Legal and Defense Costs

Coverage may not be available in all states.  
Policy terms and conditions control.

## SEXUAL MISCONDUCT OR PHYSICAL ABUSE COVERAGE

Pharmacists Mutual knows that as a business owner and employer, you work hard to create an environment where your employees can thrive, and your business can grow.

However, some of the greatest challenges facing business owners today are allegations of physical abuse or sexual misconduct made against you or your employees. These are often challenging claims that take a toll on you and your company. You can protect your business with coverage for allegations of sexual misconduct and physical abuse.

### Coverage Highlights:

- Coverage for allegations of sexual misconduct or physical abuse
- Coverage for allegations of negligent employment, investigation, supervision, training or retention of, or failure to report to proper authorities, a person who committed any act of abuse, molestation, mistreatment, or maltreatment of a sexual nature
- Coverage for defense costs, judgments, and settlements
- Coverage for the alleged perpetrator until it is judicially determined or admitted that such person committed the sexual misconduct, molestation, or physical abuse

## EMPLOYMENT PRACTICES LIABILITY INSURANCE

In every business there is risk, and unfortunately, that includes risks involving your employees. As you know, laws and regulations related to hiring, terminating, and managing employees are constantly changing and evolving. The rules regarding how you interact with employees arise from all levels of government – federal, state, counties, and cities.

The Employment Practices Liability coverage endorsement provides our members with protection against administrative proceedings and lawsuits alleging:

- Wrongful employment practices, including failure to hire or promote and wrongful discipline or termination
- Employment-related discrimination
- Third-party (customers or vendors) discrimination or harassment
- Employment-related sexual and other harassment
- Retaliation
- Employment-related defamation or infliction of emotional distress

Policy terms and conditions control.

When you want to protect your pharmacy and the services conducted in your operation, you need a policy that covers Pharmacy Professional Liability.

Pharmacists Mutual provides Pharmacy Professional Liability coverage as part of your VISTA policy, with limits of \$1 million per occurrence and \$3 million aggregate. To better serve the needs of your everyday operation, we offer various levels of coverage.

### COVERAGE OPTIONS

- Compounding coverage options
  - » excluding sterile compounding

## Products Offered through PMC Advantage

PMC Advantage Insurance Services, Inc. is a wholly owned subsidiary of Pharmacists Mutual Insurance Company. PMC Advantage Insurance Services, Inc. is currently licensed in 50 states and Washington DC and represents over 100 different insurance companies and brokers.

- **Executive Liability**
- **Surety and Fidelity Bonds**
- **Life - Business**
- **Life - Personal**
- **Group Disability**

## Executive Liability

Coverage includes Directors and Officers Liability and Fiduciary Liability. We take pride that both non-profit and for-profit companies may be eligible to purchase Executive Liability insurance.

### **DIRECTORS AND OFFICERS LIABILITY COVERAGE**

This coverage protects corporate directors and officers for wrongful acts, breach of duty, neglect, error, misstatement, misleading statement, or omission. Additional coverage options are available for claims made directly against your corporation and for indemnification reimbursement.

### **FIDUCIARY LIABILITY**

Fiduciary Liability insurance covers the trustees of an employee benefit plan against claims alleging breach of their fiduciary duties, including claims that might involve discretionary judgment or poor judgment when investing funds.

As a business owner, it is important to protect the assets and interests of your business. Surety and fidelity bonds can be customized to fit your business needs.

### **SURETY AND FIDELITY BONDS**

**Surety Bonds** - A Surety Bond is a three-party agreement that binds together the entity that is in need of a bond, the entity that requires the bond and the company that sells the bond. This is in place so that if the entity needing the bond fails to pay a debt associated with the bond, then the bond will cover any resulting damages or losses.

**Fidelity Bonds** - A Fidelity Bond is a form of insurance that provides protection for an entity or business against fraudulent activity or dishonest acts. In most cases, a business holds a Fidelity Bond for protection against an act conducted by an employee.

#### **Types of Surety and Fidelity Bonds**

**Surety** – Medicare, Medicaid, License and Permit, Postal, Wholesale, Payment and Performance, Lost Instrument, Notary, Bid Bonds

**Fidelity** – ERISA Fidelity, Employment Fidelity, Third-Party Exposures, Employee Dishonesty, Business Services Fidelity Bonds

## Surety and Fidelity Bonds

Executive Liability (Directors and Officers Liability and Fiduciary Liability) and a variety of bonds are offered through PMC Advantage Insurance Services, Inc. a wholly owned subsidiary of Pharmacists Mutual Insurance Company.

Life insurance plays an important roll in business. Business owners can protect the future of their organizations in a variety of different ways.

### **Buy-Sell Agreements**

Businesses that are partnerships, LLCs, or corporations can be at risk due to the death of a partner or primary owner. Life insurance can be used to cover the value of an owner's share in the business in the case of an untimely death. Proceeds can be used to buy the deceased owner's share of the company from their estate allowing other owners to obtain that ownership share, continue the business, and maintain control.

### **Key Person Insurance**

Many businesses have employees that are key to their success. Companies can buy life insurance to protect the revenue of that business against untimely death. If death occurs, the death benefit covers the loss of revenue to the organization while another is being trained to replace them.

### **Deferred Compensation Benefits**

Life insurance provides a death benefit and can also be used to supplement retirement payments as a key member benefit.

When cash value life insurance is used in a Buy-Sell agreement or Key Person agreement, there may come a point where the coverage may have outlasted its usefulness. At that point, a policy owner can use those values to supplement retirement income by annuitizing the values to support future income needs.

For example, the sale of a pharmacy would eliminate the need for a Buy-Sell agreement, or the retirement of a key person would eliminate the need for a Key Person agreement.

Life insurance options are written through PMC Advantage Insurance Services, Inc., a wholly owned subsidiary of Pharmacists Mutual Insurance Company.

In the event of your passing, life insurance can provide for your loved ones and ensure that they are financially comfortable in your absence. Life insurance payments can be issued directly to your beneficiaries. These disbursements can help in making up for your lost income, funding your children's education, paying outstanding debt, providing coverage for final medical and funeral expenses, ensuring additional retirement funds, or creating a legacy for your charity of choice. How your beneficiaries use life insurance benefits is up to them. We offer a full range of products to meet your personal needs, including:

#### **Whole Life**

Whole Life provides guaranteed coverage for the entire life of the insured. Cash values accumulate in the products that equal the total death benefit at the maturity age of 121. Whole Life can be the lowest cost coverage over time because the cash values often grow to be more than the premiums paid.

#### **Term Life**

Term Life provides temporary protection for periods that can range from one to 30 years. Generally, Term is the lowest cost coverage for limited periods.

#### **Universal Life**

Universal Life offers a death benefit that can range from a temporary period to your entire life. Newer versions provide a Guaranteed Death Benefit provision that can guarantee the death benefit for life, provided the proper premiums are paid.

Life insurance options are written through PMC Advantage Insurance Services, Inc., a wholly owned subsidiary of Pharmacists Mutual Insurance Company.

A great way to attract and keep quality employees is to have a quality group benefit program. This can include a wide variety of benefit programs but in general terms this includes:

**Group Disability Income Insurance** – This insurance coverage can be either short term or long term. Short term disability insurance provides income for 90 to 180 days, and long term insurance may provide benefits from the point of disability to age 65.

**Group Life Insurance** – Group life from an employer may vary in the amounts available, but up to \$50,000 face value can be deducted by the employer. The employee would be taxed on that benefit with amounts above that face value.

**Vision Benefits** – Vision benefits cover annual vision exams and subsidize corrective lenses and other corrective procedures.

**Dental Benefits** – Dental benefits cover annual dental exams and subsidizes other dental procedures.

In certain plans other benefits may be available.

Disability insurance products are written through PMC Advantage Insurance Services, Inc., a wholly owned subsidiary of Pharmacists Mutual Insurance Company.
