# welcome to the conference

We welcome you to the 135<sup>th</sup> Annual Conference of the Ohio Pharmacists Association. We are happy that you have chosen to spend your weekend with us as we connect the “words” of pharmacy! Pharmacists can earn up to 16 hours (1.6 CEUs) of continuing education credit. Program descriptions begin on page 12 to help you select which programs to attend. If you have questions, ask any OPA staff person.

## Continuing Education

Pharmacist CE forms (ivory colored) are personalized and included in name badge registration envelopes. Be sure to record the CE you attend and return the form to the OPA Registration Desk at the end of the Conference. Your NABP e-Profile ID number is required to process your CE credit and can be obtained at [www.nabp.net](http://www.nabp.net).

**SPEAKER EVALUATIONS** are available at <http://www.surveymonkey.com/s/2013SpeakerEvaluationForm>, or by scanning the QR Code on the right with your smart phone. Each speaker/program can be evaluated as you finish the session. You will be able to return to the survey after each session. **Once you have clicked Survey Complete on the “Speaker Evaluation Thank you” page, your survey is no longer accessible.** Paper copies of the evaluation are also available at the Registration Desk.

## OPA Engages Student Pharmacists

Students are the next generation of the profession and OPA has made great advancements in student involvement and activities.

This year, OPA officers and staff visited all seven campuses where students joined the conversation about the importance of their state pharmacists association and why being active in your profession is critical to developing the profession of your dreams. We have had record student attendance at committee and board meetings. New student outreach opportunities have been created giving students the opportunity to participate in OPA's educational, legislative and professional activities throughout the year.

In February, the seven colleges of pharmacy banded together to advocate for the profession at OPA's *Student Legislative Day*. Over 60 students participated and visited more than 40 legislators and legislative aides at the Ohio

Statehouse. They lobbied their legislators for support of pharmacy bills, and learned about the legislative process.

This spring, students participated in OPA's first ever *Drug Information Challenge*. Students from across the state submitted responses to drug information questions from patients, physicians and other practitioners. OPA is proud to announce Joy Hoffman from Ohio Northern University as the winner of the *Drug Information Challenge* for her article, *Bioavailability of Effervescent Alendronate*. Joy's article will be published in an upcoming issue of *Ohio Pharmacist*. OPA would also like to congratulate Leandro Llambi (University of Cincinnati), Ashley Neltner (ONU) and Jordan Staley (ONU) whose articles will be featured on our website. OPA looks forward to continuing this challenge in future years to encourage the use of evidence-based medicine and to highlight this important pharmacy practice.

# building pharmacy in Ohio

## OPA's Center for Entrepreneurship

This year, OPA developed a new initiative, the Center for Entrepreneurship. The purpose of the Center is to provide resources, continuing education, and advocacy for entrepreneurs in pharmacy. OPA believes new ideas and new tools are critical to ensure the long term viability of the profession. The Center for Entrepreneurship is looking to expand to meet the needs of entrepreneurs in all areas of pharmacy. From community to hospital to long-term care and everywhere in between, the Center for Entrepreneurship will provide pharmacists with the background and support they need to pursue new avenues of patient care.

The Center for Entrepreneurship, which is exhibiting in booth 119 at the OPA Trade Show, has put increased focus on independent pharmacy. Interest in opening or buying an independent pharmacy is growing. The Center plans to provide guidance to current owners on how to transition to a new owner and provide pharmacists who are thinking about opening or purchasing a pharmacy with training on all aspects of that decision.

The Center has offered three continuing education programs at the OPA offices focusing on business education. The first one took place in October of 2012, to the tune of *Strengthening Your Business: Keys to Independent Success*. In January of 2013, the Center offered *Understanding Your Pharmacy's Finances*, a program focused on reading financial statements and understanding areas where financial management can significantly affect the health of the business. Most recently, in March of 2013, the program *Flaunt Your Pharmacy*, focused on tips and tools for marketing an independent pharmacy or new service. There are also programs with an entrepreneurship focus at this Annual Meeting, including *Tools and Tips to Market Your MTM or Clinical Services*, *Ohio Innovative Practice Forum*, and *You CAN Own Your Own Pharmacy or Sell Your Pharmacy to Another Pharmacist – Here's How!* Look for the "*Courtesy of OPA's Center for Entrepreneurship*" in the description of these programs. Overall, these programs will have touched almost 700 pharmacists and students by the end of this conference.

## Building Ohio Pharmacy's Future Campaign

The Ohio Pharmacists Association and Ohio Pharmacists Foundation have finished settling into our new permanent home at 2674 Federated Blvd in Columbus, and we have been overwhelmed by the support of our pharmacy community for our new endeavors within our space.

To date, we have already trained more than 200 pharmacists in administering immunizations in our new programming room. We have held meetings for several industry groups and pharmacy organizations that our prior offices could not accommodate. We have experienced record turnouts at our board and committee meetings. And best of all, we were able to do all of this without allocating any extra dollars from the general fund to the new building.

There is a reason for that. As of now, we have raised more than

### Claim your spot on the Ohio Pharmacy Donor Wall!

Visit the OPF booth (#313) in the Trade Show to learn about our new headquarters, our capital campaign, our plans for Building Ohio Pharmacy's Future, and to make a tax-deductible donation to support our efforts and secure your spot on our Ohio Pharmacy Donor Wall!

\$600,000 through OPF's tax-deductible Building Ohio Pharmacy's Future capital campaign that has allowed us to help take a huge

chunk out of our mortgage obligations. The campaign, which has been supported by pharmacists, students, companies, colleges, and local pharmacy associations, is the largest fundraising campaign in our organization's 135-year history.

But we're not finished yet. With a healthy portion of our mortgage remaining and the need for enhanced services for our members, we need your help to finish the job.

Throughout the Annual Conference and over the course of this next year, you have the opportunity to make a tax-deductible pledge to support the long-term stability of your profession and to have your name permanently memorialized at our new facility.

All donors who commit to a pledge of \$2,500 or more (which can be

spaced out over a time period of your choosing), will be recognized on our heralded Ohio Pharmacy Donor Wall (pictured here) located at the entrance of our building, adjacent to the Wherry Pharmacy Heritage Museum. This donor wall is the first of its kind and is the perfect way to memorialize our valued supporters of this capital campaign.

At the OPF booth (#313) in the exhibit hall, you will find a huge poster that has a photo of our donor wall. In your conference bag is a campaign brochure and at the OPF booth, volunteers will have a tag for you to place on that poster so that you can claim the exact spot you want on our wall before anyone else can grab it. There is a limited amount of space on the wall, and spaces are claimed on a first come, first served basis. Simply fill out the Campaign Commitment form in the brochure and give it to one of our volunteers, and we'll place your tag on the board! Additionally, gifts of \$2,500 or more also receive a large sized brick that will be installed on one of our beautiful outdoor walkways. Standard sized bricks are also available for a \$1,000 donation (Minimum donation of \$2500 to appear on the donor wall).

**See an OPA staff member or volunteer for complete details.**

If you need additional information about the campaign, please call the OPA office at (614) 389-3236. All donations are tax-deductible, and we can accommodate nearly any payment schedule you desire. We greatly appreciate your support and look forward to your involvement in helping us Build Ohio Pharmacy's Future.

# CE on your schedule

## OPA's New Way to Access CE

The Ohio Pharmacists Association is pleased to introduce Rx CE On-Demand, an online catalog of more than 75 self-paced seminars for continuing pharmacy education! This new online education resource will include live webinars and on-demand courses that you can participate in from the comfort of your own home or office and on your own schedule. It all can be found at [RxCEonDemand.com](http://RxCEonDemand.com)!

This brand new CE service offers special discounted rates for OPA members, and an easy to use system that gives you access to a wide array of pharmacy topics. The first programs that we have launched on [RxCEonDemand.com](http://RxCEonDemand.com) are on pain management, and are available in a special bundle package. These programs are:

- Aspects and Management of Acute Injury Pain
- Aspects and Management of Chronic Pain
- Aspects and Management of Pain in the Hospice Setting

Follow these steps below to gain access to a course:

1. Click on the title of the program in the catalog that you're interested in learning more about or hit the Details & Pricing link.
2. Select the *Register Now* button on the right side of the page.
3. Search by your last name, and if your record is not found, you'll create a new account by entering your contact information (next time you search, the system will pull your information, making registration even easier in the future!).
4. Select your rate based on membership (or it will be assigned to you).
5. Indicate if you'd like to take the program for credit; if so, you'll enter your NABP eProfile ID number.
6. Enter your credit card information, select *Save* and then *Continue*.
7. Enter Program!

Don't forget that Rx CE On-Demand is your one-stop-shop to find everything you need related to continuing pharmacy education, and look for new programs coming soon!

Visit the catalog today to browse through programs and begin enhancing your knowledge and earning CE credit!

## Encouraging Expansion through Connecting Innovations: Ohio Innovative Practice Forum and Showcase

There is something new at OPA this year - the *Ohio Innovative Practice Forum and Showcase!* Modeled after the Ohio Research Forum, this event aims to connect practitioners in the state with fellow pharmacists to network and learn about innovative ways to approach patient care models. The *Forum* will begin at 2:40 pm on Friday. Practitioners will present exciting practice examples, and share how they have successfully implemented services and overcome barriers to offer these patient-centered services. Original methods of development and process, including optimizing available resources, will be presented to provide participants with ideas to enhance their own practices.

*Forum* speakers include:

- **Sarah Adkins, PharmD** – Partnership with Ohio University in Appalachian Primary Care Clinics
- **David Bright, PharmD, BCACP**

- **Sarah Kelling, PharmD** – College Partnership (Ohio Northern University) to Transitions of Care MTM Services (Kroger Company)
- **Thad Franz, PharmD & Shannon Yarosz, PharmD** – Nationwide Children’s Hospital Employee Diabetes Clinic
- **Whitney Shaffer, PharmD, CDE** – Ohio State University Wexner Medical Center Patient-Centered Medical Homes

The *Showcase* will follow in the Poster Session area outside of the Exhibit Hall (Ballrooms 1&2). Participants will have the opportunity to network with innovative practitioners, students and residents, who will share examples of program marketing, documentation, protocols, policies, etc., as well as point-of-care testing equipment. The settings for these innovations include community pharmacies, health systems, and ambulatory care clinics.

Showcase topics include:

- Point of care testing
- Serving the underserved
- Medication Therapy Management
- Immunizations
- Wellness and Prevention
- Transitions of Care
- PCMH
- College-Practice Partnerships

Whether you are considering expanding your pharmacy’s patient care services, have already begun, or are well established in providing advanced care to your patients, come join us at *Ohio Innovative Practice Forum and Showcase*. This is a great chance to connect with colleagues and learn new ways to make patient care services successful in your pharmacy from pharmacists like you who have overcome barriers to offering a variety of services in diverse settings.

## How does your Professional Liability Policy “measure up?”

**Pharmacists Mutual** Insurance Company

Pharmacists Mutual Insurance Company has been dedicated to protecting, serving and supporting independent pharmacy for over 100 years. Founded by a pharmacist in 1909, we have maintained our mutual heritage, and are still owned by our policyholders and directed by a board of pharmacists.

Pharmacists Mutual understands the pharmacy profession and the risks inherent in operating your business, which is why our policies are written BY pharmacists, FOR pharmacists.

We pride ourselves on being a single source of insurance protection. For more than a century we have been committed to providing quality products and service with this mission: To help our customers attain peace of mind through specialize insurance solutions and superior personal service.

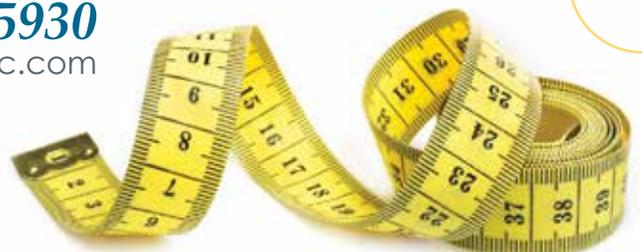

You can **rely on us** the same way your customers **rely on you.**

## Ohio Pharmacists Foundation: Your Source for Continuing Education

The Ohio Pharmacists Foundation, Inc. (OPF) is the educational and research arm of the Ohio Pharmacists Association. Accredited by the Accreditation Council for Pharmacy Education, OPF provides the continuing pharmacy education credit for programming offered by the Ohio Pharmacists Association, including its Annual Conference, Midyear Meeting and *Ohio Pharmacist* journal articles, Entrepreneurship Center programs, etc.

OPF also offers niche programs to meet specific needs of pharmacists. In 2012 we trained 116 pharmacists to administer immunizations, allowing them to expand their pharmacy services or to work in a practice setting that provides adult vaccines. Since we began our immunization training program in 2001, nearly 800 pharmacists completed their immunization training through OPF. Future plans include programs in medication therapy management, compounding, pain management and entrepreneurship. The launch of our new online education portal (RxCEonDemand.com) will also provide pharmacists with 24/7 access to webinars on essential topics for improving pharmacy practice and patient outcomes.

If you like to travel, OPF also provides opportunities for pharmacists to earn CE credit away from home. In February 2012, we hosted a CE cruise to the beautiful Hawaiian islands, and in January 2013 we offered eight hours of CE in sunny Puerto Rico. Don't miss the chance to earn CE while traveling with your family and friends on the OPA Alaska CE cruise, July 19-27, 2014. Visit <http://tinyurl.com/OPA-AlaskaCruise> to reserve your room!

## A CHANGING HEALTH CARE SYSTEM – ONGOING OPPORTUNITIES FOR PHARMACY!

*Thomas E. Menighan, Pharmacist, MBA, FAPhA, Executive Vice President & CEO, American Pharmacists Association; and Jenelle Sobotka, PharmD, Professor and Endowed Chair, Department of Pharmacy Practice, Ohio Northern University*

The Affordable Care Act is impacting the pharmacy profession with opportunities for advancing practice models through accountable care organizations and patient-centered medical homes. Our speakers will provide a national perspective on initiatives within pharmacy and health care focused on addressing quality, care integration and patient outcomes. The recently defined care process for pharmacist services, as well as advancing models of payment for these services, will be included.

ACPE #0129-0000-13-025-L04-P

## MEDICARE UPDATE – LOOKING TOWARD 2014

*Todd Stankewicz, CAPT, U.S. Public Health Service Pharmacist - CMS Region V, Chicago*  
 The presentation will provide an overview of the changes occurring in the Medicare Prescription Drug benefit as a result of the Affordable Care Act. Focus will include those areas which have the greatest impact on pharmacy practice including: Coverage Gap Discount Program and Part B vs. Part D drugs including vaccines. In addition, this session will provide information on the scope of fraud, waste and abuse, as well as help educate pharmacists to detect and report fraud, waste and abuse. Resources for pharmacists will be discussed during the program.

## WHAT LEVEL OF CONNECTIVITY AND TECHNOLOGY WILL BE REQUIRED IN A PATIENT-CENTERED PHARMACY?

*Bill G. Felkey, Professor Emeritus, Auburn University*

The old definition of the Internet used to be, "Every computer in the world talking to every other computer." The new definition is every computer, cell phone, smart phone, iPad and PDA in the world talking to every other one. Pharmacists need to recognize the informational power these tools can bring to help reach both business and patient care goals. This session will comprehensively explore technological options and demonstrate "best-of-breed" practices. You will be amazed at both the current and next-generation tools that are ready to become commonplace in your everyday practice.

## THE PHARMACIST'S ROLE IN THE PATIENT-CENTERED MEDICAL HOME

*Michelle Cudnik, PharmD, Clinical Lead Pharmacist-Ambulatory Care, Summa Health System; Associate Professor of Pharmacy Practice, NEOMED*

A patient-centered medical home (PCMH) is an innovative program for improving primary care, and integrates patients as active participants in their own health and well-being. The PCMH model is gaining momentum on a national level, as health plans look to improve patient outcomes. Our speaker will discuss the 2011 PCMH standards and ways to integrate a pharmacist into these standards, as well as the pharmacist's role in the accountable care organization model.

## LEGISLATIVE UPDATE AND EFFECTIVE GRASSROOTS INVOLVEMENT IN THE POLICYMAKING PROCESS

*Heidi Ann Ecker, Director of Government Affairs and Grassroots Programs, National Association of Chain Drug Stores; and Ernest Boyd, PharmD (Hon), CAE, Executive*

Spring 2013: Watch for the OhioPharmacists.org "website facelift!"

*Director and Lobbyist, OPA*

This exciting nonpartisan program will educate the audience about the power of grassroots engagement, the policymaking process, the varying roles of our nation's policymakers, and how to use effective verbal and written communications to influence policy outcomes. Attendees will learn the most influential way to communicate, see the four types of face-to-face meeting scenarios and ways to use each meeting type to advance a position, and build the important know-how to position oneself as an ongoing and reliable resource. Ernie Boyd will give the latest information from the Statehouse, including legislation that impacts pharmacy practice.

**OHIO INNOVATIVE PRACTICE FORUM**

*Jennifer Rodis, PharmD, BCPS, Director, Partner for Promotion Program, OSU College of Pharmacy; and Timothy Ulbrich, PharmD, Director of Pharmacy Resident Education, Northeast Ohio Medical University; and Panel of Practitioners*

Innovative pharmacy practices and opportunities in Ohio will be showcased in this session, as well as resources for pharmacists to expand these services in their own practices. Practitioners from a variety of practice sites will present exciting practice examples, and share how they have successfully implemented services and overcome barriers to offer these patient-centered services. Original methods of development and process, including optimizing available resources, will be presented to provide participants with ideas to enhance their own practices. Immediately following this session, an Innovative Practice Showcase, located outside the Exhibit Hall, will be open to network with innovative practitioners, students and residents who will share examples of program marketing, documentation, protocols, policies, etc., as well as point-of-care testing equipment.

**2012 BEERS CRITERIA – AN UPDATE FOR GERIATRIC MEDICINE**

*Charles Mosler, R.Ph., PharmD, CGP, FASCP, Assistant Professor of Pharmacy Practice, University of Findlay, College of Pharmacy*

The Beers Criteria, established in 1991, are essential guidelines for treating geriatric patients in the long-term care industry, and more recently became an important component in all areas of pharmacy which deal with patients over the age of 65. This session will give an overview of the most recent update to the criteria, discuss changes that have occurred, and work through some practice cases. Emphasis will be placed on the use of antipsychotics in the elderly, especially those with dementia, as well as other similar guidelines (i.e., STOPP) and how to best use these tools in clinical practice.

**IRRITABLE BOWEL SYNDROME: PROCESS OF ELIMINATION**

*Kristen Thatcher, PharmD, R.Ph.; Clinical Instructor of Pharmacy Practice, NEOMED; PGY-1 Pharmacy Practice Resident, Kaiser Foundation Health Plan of Ohio*

Irritable bowel syndrome (IBS) is the most commonly diagnosed gastrointestinal condition. Characterized by chronic abdominal pain and altered bowel habits, therapy should focus on the patient's primary complaint. Although treatment options are limited and costly, OTC products and non-pharmacologic options can aid in the management of IBS.

ACPE #0129-0000-13-036-L01-P

**DOCUMENTATION REQUIREMENTS FOR MEDICARE DMEPOS PHARMACIES**

*Charity Bright, DME Provider Outreach and Education Consultant; National Government Services, Inc.*

Close review of the audit findings have revealed that Medicare enrolled DMEPOS pharmacies face challenges with documentation requirements as they relate to Medicare's compliance for Medicare DMEPOS items dispensed at a pharmacy. CMS utilizes the auditing process to reduce payment errors and to protect the trust fund by allowing payment for services only when they are deemed to be reasonable and necessary. This session is designed to help Medicare enrolled DMEPOS suppliers to be in compliance with Medicare's documentation requirements. Don't miss this opportunity to have your payment questions answered.

## YOU CAN OWN YOUR OWN PHARMACY OR SELL YOUR PHARMACY TO ANOTHER PHARMACIST – HERE'S HOW!

*Wholesalers AmerisourceBergen Corporation, Cardinal Health, McKesson Corporation, Miami-Luken; and Live Oak Bank*

If you've thought about owning a pharmacy, but thought there's no way to finance it... think again! This program will feature several wholesalers and a banker, discussing the many successful pharmacy purchases that are happening in Ohio... some with no money down. Wholesalers have services to match buyers and sellers, but many pharmacists are unaware of these services. Learn what's available to you, and how a banker can ease the transition. If you are an owner, this session will help you see how your pharmacy can transition to a new independent owner, often at a better price than you might expect.

## INNOVATIVE PHARMACY BUSINESS PLAN COMPETITION 2013

*Panel of Judges and College of Pharmacy Finalist Teams: Ohio Northern University, Ohio State University and University of Cincinnati*

The Business Plan Competition was created to cultivate student interest and confidence in developing or buying an independent pharmacy, as well as developing new business venues for current (and future!) pharmacists. Students were invited to submit business plans detailing the loan request, mission statement, description of the business (legal structure, products or services provided, site analysis), marketing plan and financial reports. The three finalists will now present their plans to our panel of judges to determine cash awards. Hear what the students envision and perhaps get ideas for your own pharmacy practice.

**OVERCOMING BARRIERS TO MTM IMPLEMENTATION**

*David R. Bright, PharmD, BCACP, Assistant Professor of Pharmacy Practice Ohio Northern University College of Pharmacy; and Sarah Kelling, PharmD, PGY-1 Resident, Kroger/ONU*

As opportunities for medication therapy management (MTM) continue to grow in Ohio, pharmacists are being called upon to incorporate MTM into their daily practice. Many barriers exist that make the incorporation of MTM a challenge, but overcoming these barriers may be simpler than pharmacists tend to think. This session will focus on strategies for overcoming barriers to MTM implementation, including ways that pharmacy technicians can assist with the process.  
 ACPE #0129-0000-13-050-L04-P

**UNDERSTANDING COMPARATIVE EFFECTIVENESS RESEARCH AND THE BENEFITS TO PHARMACISTS AND THEIR PATIENTS**

*Tom Peddicord, PharmD, FCCP and Pamela Montagno, Contractors, Agency for Healthcare Research and Quality*

The federal Agency for Healthcare Research and Quality (AHRQ) has been funding comparative effectiveness research in 14 priority health conditions since 2005. The Agency has summarized the results in a variety of free resources for pharmacists and patients through the Effective Health Care Program. This session will explain comparative effectiveness research, and the free tools developed to promote evidence-based decision making when considering treatment options. Participants also will learn about AHRQ's 2013 national campaign on comparative effectiveness research and how to get involved.

## OPA PAC

The OPA Political Action Committee (PAC) is the fund that helps put pharmacists in the driver's seat of their profession and is the best way for pharmacists to become politically engaged. We attend many events where we interact with legislators who deal with pharmacy issues here in Ohio. The OPA PAC is a state-based organization, with funds used for State Senators, Representatives and other offices that are not on a national scope. The donations we make through the PAC allow us to demonstrate tangible support for members of both parties who support pharmacy issues. We need your support to protect and enhance our profession, and would greatly appreciate your personal financial support. The law does not allow corporate contributions. Thank you for helping to keep pharmacy strong in Ohio!

The PAC Breakfast on Saturday morning is a great way to get involved, and offers a great opportunity to hear from a key government figure who has an impact on pharmacy issues in Ohio. Please attend the breakfast, consider sponsoring a student, and make an extra contribution to support the OPA PAC!

# of interest to student pharmacists

The Ohio Pharmacists Association welcomes you to OPA's 135<sup>th</sup> Annual Conference! You are important to us since you represent the future of our profession, and we are pleased that you are attending our Conference. You are welcome and encouraged to participate in any of the continuing education programs, House of Delegates, Trade Show, Poster Session, and Pharmacy Olympics/Student Party. Your opinion matters to us! You will be receiving an online evaluation survey following the Conference. This will help us in future student program planning. If you have any questions or comments during the Conference, an OPA staff person will be happy to help you. Continuing Education Program descriptions, starting on page 12 of your Conference Program, list CE session topics, times, and locations.

## Saturday, April 13

**8:15 a.m. - 11:25 a.m.** Continuing Education Programs

**9:00 - 9:55 a.m.** Conversations Over Coffee *C113-114*

OPA believes that pharmacists should always have the ability to make their practice their own. Whether it is starting a program within a pharmacy, creating a partnership with other entities, taking over someone else's practice, or even opening up a pharmacy of your own, OPA's goal is to give you the tools you need to be the pharmacist you want to be. It is in this spirit that OPA created the Center for Entrepreneurship, and with our goal of encouraging the entrepreneurial spirit in pharmacy, this year's *Conversations Over Coffee* will feature a diverse panel of experts who have succeeded in building unique practices of their own. Hear from each of our panelists, and come equipped with questions. This is a fantastic opportunity to learn and meet some real pharmacy pros!

*Sponsor: Walmart Health and Wellness*

**10:00 - 11:15 a.m.** Career Experts Panel *C113-114*

It's no secret that jobs are getting tighter and more competitive every day. Pharmacists and student pharmacists need to do everything they can to impress employers and to distinguish themselves from their peers. At OPA's first ever Career Experts Panel, we have several pharmacists and recruiters who will share their insights about their companies and what they look for in
