

**Learning Objectives**  
**Independent Pharmacy Expo 2022 Virtual**

**ACPE #0129-0000-22-094-H04-P/T**

**Let's Make A Deal: Choose the Decreased DIR Fee Big Deal Door**

*Susan Rhodus, R.Ph.*

At the completion of this activity, the participant will be able to:

1. describe the services a pharmacy must have the capability to provide to be viewed by Medicare Part D as a long term care (LTC) pharmacy;
2. describe the residents who can be serviced under the long term care pharmacy benefit for both reimbursement and purchasing purposes; and
3. identify the benefits of setting up a combination pharmacy with both retail and LTC offerings under the same pharmacy license and DEA registration.

**ACPE #0129-0000-22-095-H04-P/T**

**Moving Pharmacy Practice Forward: Implementation of Collaborative Practice Agreements**

*Stu Beatty, PharmD, BCACP, FAPhA and Kaitlin Kuznacic, PharmD*

At the completion of this activity, the participant will be able to:

1. describe the components and types of a collaborative practice agreement;
2. identify gaps in care through performing a needs assessment;
3. identify strategies for engaging prescribers in discussions about collaborative practice agreements; and
4. summarize how to implement a successful collaborative practice agreement.

**ACPE #0129-0000-22-096-H04-P/T**

**DEA Audits: Avoid These Mistakes!**

*Carlos Aquino*

At the completion of this activity, the participant will be able to:

1. identify the steps taken by the Drug Enforcement Administration (DEA) through their Diversion Control Division in enforcing federal laws and regulations for a pharmacy handling controlled substances;
2. describe the types of DEA civil and administrative actions that can be imposed by a federal prosecutor's office on a pharmacy, including the type of fines that can be imposed through a criminal or civil action utilizing the federal laws and regulations pertaining to the purchases, sales, transfer, dispensing, destruction and a theft or loss of Schedules II through V controlled substances;
3. discuss the DEA requirements pertaining to: Biennial Inventory; Use of CSOS; Executed or Voided DEA Form 222 and Invoices; Power of Attorney; Theft and Lost; Drug Destruction; and the Storage of Prescriptions;
4. discuss the pharmacy Due Diligence Policy to determine the legitimacy medical necessity for the dispensing of controlled substances for pain; and
5. identify what pharmacy records are required by DEA Diversion as part of a pharmacy on-site audit and inspection.

**ACPE #0129-0000-22-097-H04-P/T**

**Ready to Expand Your Pharmacy to Multiple Locations?**

*Owen BonDurant*

At the completion of this activity, the participant will be able to:

1. list the benefits of adding multiple locations;
2. recognize the negatives of adding multiple locations;
3. describe the best practices of managing a second location; and
4. identify what needs to be in place at your current pharmacy to be able to properly add a second location.

**ACPE #0129-0000-22-098-H04-P/T**

**Diagnostic Testing and Treatment Implementation for Your Pharmacy**

*Nick Newman, PharmD*

At the completion of this activity, the participant will be able to:

1. define CLIA waiver and discuss its importance with point-of-care testing;
2. identify point-of-care tests available to implement in a community pharmacy setting;
3. discuss treatment options based on point-of-care test results; and
4. identify COVID-19 testing and treatment options available to pharmacies.

**ACPE #0129-0000-22-099-H04-P/T**

**Care Planning: Know Your Value, Express Your Value, Leverage Your Value**

*Kevin Day, R.Ph., PharmD*

At the completion of this activity, the participant will be able to:

1. describe the pharmacist eCarePlan;
2. identify ways Care Planning adds value to pharmacy practices even without direct payment; and
3. discuss ways in which care plan data can be aggregated for contracting purposes.

**ACPE #0129-0000-22-100-H04-P/T**

**Optimizing The Pharmacist's Impact: Collaborative Practice-Retail Pharmacy Model**

*Angela Trent, PharmD and Marc Sweeney, PharmD*

At the completion of this activity, the participant will be able to:

1. describe the benefits of integrating a retail pharmacy into a physician practice;
2. discuss workflow considerations when integrating a retail pharmacy into a physician practice; and
3. describe the different reimbursement models that may be considered in a collaborative practice model.
